

PROSHOP NEWS

Well we're heading into June and the summer weather looks like it's coming our way. The golf course is in fantastic shape even after the heavy rains. We now have our entire rental and demo sets in from Taylormade, Nike, Titleist, Cobra, Callaway, and Ping. Come into the proshop to try out some of these outstanding game improvement products. We have three CPGA professionals on staff that can help with any questions or concerns about our products as well as conduct professional club fittings. We would also just like to include that we do honor our "best price policy" on clubs. **We will match golf town pricing and members will also receive an extra 5% discount.** This month we will also be running a golf bag sale; buy any regular priced golf bag and receive a shirt at 40% off! We still have lots of great new clothing in stock so stop by the shop and see what we got.

For members the deadline for entry into the Larter Cup matches has surpassed and matches will be starting this month. Everybody who has entered we ask that you get your matches played before the deadlines; it makes the event a much more enjoyable experience for everybody. We are also conducting a new event this month called the Nike Cup. It takes place from June 22nd-24th and is at a cost of \$120. This entry gets you an order of wings and a beer on the Friday night where we will have a draft to pick the teams. The matches will take place on the 23rd and 24th mornings where you will have a chance to win some cash. As a player you will also receive a Nike shirt and hat, so a new event with great value. This event will be open to the first 40 entries and we are almost full already so get your entries in quick if you are interested.

That's all for now, stay tuned for more news in July.

Reminder ...

Membership time payments must be made by June 30th in order to have golf privileges.

It's May 29th, its cool, risk of frost tomorrow and the golf course is very wet. There was almost 3 inches of precipitation in the last ten days. Didn't see that coming. Just over a week ago the course was extremely dry. One extreme to the next, concluding in many challenges, but nothing I haven't seen before.

Lets look at the positives;

- ⊖ The drainage work that has been completed over the past few years; moving the water while reducing pumping.
- ⊖ We have a motivated grounds crew that will do their best to get your golf course back into shape.
- ⊖ The rain will stop  and the sun will shine.

Lots of great golf days left. Have fun out there.
