ProShop News

Well the season is slowly coming to an end.....although we had a great season, despite the slow start..... and, it looks like Mother Nature is blessing us with some good weather for an extended fall golf season..... so come on out and take advantage of some great fall golf.

Fall is a great time to pick up some "end of year" deals in the golf shop.....Clubs, Bags, Clothing.....everything is priced to clear with crazy pricing

- **Drivers and fairway woods.....up to 50% off
- **All Clothing - 40% off
- ** Bags and Shoes - 35% off our regular price.

The Guys and Girls both had their respective "match play" events this fall.....The girls had the Canukistan Cup....16 ladies participated in this "Ryder Cup style" golf format with the "Have you seen my ball" team coming out on top.....the girls had a great time. The guys had the Callaway Cup, with 44 participants this year.....most ever.....with the "Orange" team coming out on top with a very close fought battle.

For those member wanting to take their clubs home for the season, let the golf shop professionals check out your set to see if you need new grips or simply an overall "re-conditioning" of your set.....this way, you will be set for your winter vacation or "down south" residency golf experience.

Those members wondering when clubs need to be removed from storage..... November 5th is the date..... please have all clubs removed from summer storage by this time. If you wish to leave your clubs in the storage area, a "winter fee" of \$50.00 will be assessed to each set left behind.

Peter Ewert's Winter Golf School will once again start in the "New Year".....January 2nd - March 30th. Please look for 2014 applications and information on our website.....www.larters.com/winter-golf-school

On behalf of all the staff in the golf shop , we would like to thank all the members for a great season.

Thank you, Peter Ewert, Director of Golf/Head Professional

Golf Course Maintenance

 **Help** – This years short golf season is winding down already. As we start moving into the fall there are a few things the golfer can do to help keep the course in great shape. On the par 3 tee off boxes and on the golf carts we have divot seed/sand mix. I encourage you to take a little time and repair your divots. On the greens it would be most helpful if you repaired your ball marks, we do this daily, however, we can use your help. Another thing I see is golf carts pulled right up to the greens. Please keep them on the path around the greens. If there are holes with signs "No Cart Beyond this Point", please oblige. I often see these signs run over. Have fun golfing and take a little time to help maintain your golf course. Thank you, **Tim Larter, Course Golf Superintendent**
